Dear Parent or carer,

You may have seen the media coverage regarding concrete in school buildings and we wanted to inform you that we do not have RAAC in any of our buildings. Our schools and settings will therefore continue to function as normal. We understand that parents may want to understand more about the support to educational settings to manage RAAC safely.

You can read more through the article published by the DfE on the Education Hub. I hope that this offers reassurance.

Yours sincerely
