

Driffield Junior School

Dear parents/carers

During the half term holiday we are running a competition – any adult who logs onto the National Online Safety website will get entered into a prize draw. The winner gets a family copy of the online safety book Oscar's Adventures in the Online World Storybook, worth £9.99.

Knowing what children are up to both online and with electronic devices is one of the most important parts of keeping children safe. Our school website has a link to National Online Safety, www.driffieldjuniorschool.co.uk/information-for-parents/e-safety, which gives information and advice to help support keeping children safe online.

Thank you for your continuing support

Mr Tarrant
IT Co-ordinator
