

Driffield Junior School

Dear Parent/ Carer

As part of our geography work this half term, year 4 have been developing their skills in map reading and understanding geographical features.

We have been completing a project about the town of Driffield, and are in the process of creating guide books showcasing the town's features. As part of this learning, we need to apply the skills that we have learned in the classroom in the real world. Next week we will be taking a tour of Driffield to visit and assess the features that the children have identified as 'Making Driffield Great'.

The tour will take place during the normal school day. Children will need sensible shoes for walking in.

The classes will complete their tour on the following dates:

4C, 4G, 4T and 4W - Tuesday 10th July 2018

4S - Wednesday 11th July 2018

Thank you for your continuing support

Mr Tarrant
Y4 Co-ordinator
